

Walnut Valley Water District

High School Student Internship Program

For those students interested in applying for hands-on work experience, the Walnut Valley Water District offers part-time internship opportunities for local high school students.

Available Positions

Administrative/Clerical Support
(Summer Vacancies-\$7.25/hr.)

Water Distribution/Field Support
(Summer Vacancies-\$7.25/hr.)

Applicants...

must reside within the District's service area and/or currently attend Walnut, Del Paso, Diamond Bar, Diamond Ranch, Santana, or Rowland High Schools. A valid California Driver's License is desired and a drug screening with the pre-employment physical is required. A valid Student Work Permit will be required upon appointment. Selected candidates must comply with all District policies.

For more information about the internship application and selection process, please go to your local high school career center for a program flyer, or contact the District at (909) 595-1268, ext. 212.

Water Conservation Tip of the Month:

*~Water your lawn
only when it needs it~*

Does your grass spring back after you step on it? If so, don't water yet! Watering your lawn only when needed saves 30-50 gallons per day!
